Thank you for your email, Polly.

The Board discussed waste and recycling pick-up at our recent budget meetings. The Village is seeking waste and recycling solutions that balance the changing waste streams with existing manpower and equipment. That balance is likely to shift toward increased commingled recycling pick-up more frequently over time. However, it is not yet clear what a potential timeline may look like for any change in the balance of waste and recycling pick schedules.

Please continue to keep an eye out for any changes that may occur over time and please continue to remind us to pursue change in waste and recycling pick-up schedules.

Again, thank you for your input.

Best regards,

Marc

CAUTION: External sender.

Can we please get box pick up once a week????? With Prime Now Whole Food deliveries and all the bags and boxes from Amazon deliveries I think it's time sanitation department gets with the times.
