**Subject:** SNAP Meeting and Recycling Literature in Mandarin and Spanish

Dear Mayor Mark,

Many thanks for your remarks yesterday at SNAP. Sorry that a number of people were so argumentative. Quite a number of people, including me, are supportive.

On another note, I recommended to Michelle Sterling and Ron Shulhof that they should get their recycling materials translated into Mandarin and Spanish given the number of caregivers, housekeepers, and other staff that could benefit from having the information in their native language. I was pleased to see that Michelle was very receptive. They found a Mandarin translator and I gave them a contact for Spanish. I am too busy to do the translation, but I offered to review it.

Keep well,  
Mayra
