Dear Mr. Korsten -- By cc I am forwarding your email to the Village Manager and the Deputy Village Manager who can take this up with the Village staff Traffic Committee.

Very truly yours, Jon Mark

**Subject:** Dangerous intersection

Mayor Mark,

Please see below for a brief safety-related note that I would appreciate if you would please forward to the appropriate department head.

Over the past week, I have witnessed several near accidents at the intersection of Crane Road and East Parkway. Northbound drivers often accelerate as they approach the entrance of the Bronx River Parkway. Vehicles turning left from Crane Road on East Parkway may have difficulty judging which lane a northbound driver is on (the right lane turns right on Crane Road, while the left lane goes straight onto the Bronx River Parkway). I strongly recommend enhanced traffic safety signage and/or a blinking light be quickly installed.

Best regards,

Eric Korsten  
52 Paddington Road
