Subject: I oppose curbside recycling pick up

To Village Board -

I am unable to attend the meeting on Tue night but I firmly oppose the proposal to require recycling to be placed at the curb.

1) it is a hardship to elderly or anyone with an injury.

2) many of us would have to purchase new rolling cans to even make transporting the recycled possible. Therefore throwing out good cans. I'm only 50 and I'm unable to carry my recycling to the curb.

3) people will recycle less items to reduce their burden

4) recycled items will be placed out the night before and potentially blown all over the street.

Paper goods are currently blown all over Secor Road.

Please do not eliminate house pick up,

Andrea Dabbar

52 Secor Road
