Good morning Mayor Mark,  
I live at 1199 Post Road

I spent hours clearing the snow -  
Made extra effort clearing the sidewalk 3 foot on either side of driveway

This morning found that we have chunks - boulders ice in our driveway caused by sidewalk equipment used instead of the blower!!!!

Same for neighbor to the south of us

I've just spoken to Highway who is coming to meet me now....still hasn't arrived!!

Why didn't they use the blower? Who is making the decision?  
Appreciate your efforts on our behalf.  
Thank you.
