**Subject:** Article 78

Mr. Mayor and Village Trustees:

Please do the right thing, correct the injustice of the Ryan reval and do not spend the Village's resources defending assessor Albanese's improper behavior and the unfortunate debacle.

I ask, respectfully, and with the Village's best interest in mind, that you, Mr. Mayor and Trustee, do the right thing and meet with attorney Bob Bernstein to address the Article 78 and either accept it and restore the Tyler reval or negotiate a quick and fair settlement.

Act honestly and in a way that we would want our children to see us behave, actions that our children can be proud of and learn from; act honestly, with integrity, and do what is in the interest of our community and it's people; act to restore the integrity of our government, property valuations and the Scarsdale assessor's office. Accept the Article 78, correct t injustice and save our village from further erosion of its reputation and property values.

Thankfully, there are smart, capable and decent people who have contributed their valuable skills, precious time and hard earned resources to lead the effort to hold our village and government accountable for its actions. I hope that you, Mr. Mayor and Trustees do your job, do the right thing, recognize that the Ryan reval is wrong, that it has done harm to our village, it has done harm to it's government and it has done harm to it's citizens. Again, I request that you accept the Article 78 or, at the very Leary least, meet with the attorney, Bob Bernstein, to work together on a solution and correct this injustice.

Thank you,
