Subject: RE: trash collection nightmare

Mrs. Hodgdon,

I have conducted an inquiry of what you have outlined in your email and I have spoken with the foremen about ensuring that these conditions get corrected ASAP. I have been assured moving forward that the matter has been properly conveyed to the route operators.

Also, in order to improve efficiency and delivery of the highest possible service, the route known as "Arthur Manor" is being reevaluated to be assigned as a stand-alone route as was in the past.

Please feel free to call my office if your concerns continue.

Sincerely

Benedict A. Salanitro, P.E.
