Dear Mayor Jane Veron,

I am very disappointed at your handling of the last Scarsdale Town Board meeting with regard to public comment. The Village Treasurer's report had meaningful information for the public to comment on. You changed the meeting agenda to prevent a public comment period well before the normal 10 PM deadline. The time was about 9:45 PM as you moved the Board to executive session NOT on the published agenda. The Village Board's first priority should be to hear from its citizens. What was your reason to cut out public comment from the Town Board meeting ???
