Subject: Permit changes

CAUTION: External sender.

Dear Members of the Board:

Please do not sell permits for the Christie Place Garage to merchants or non-residents. If the current spaces assigned to the merchants are not sufficient, sell them spaces in the freightway garage which does not historically have a waiting list. The Christie Place garage is a wonderful convenience to Scarsdale residents. As a community, we do not want to give away this asset during a pandemic or any other crisis only to regret it later. Selling those spaces to non-residents will not only be a great inconvenience to residents once business returns to normal, it will also have a material effect in our housing values.

Thank you for your time and consideration.

Sincerely,
Brian Bowes
