Hi Sally and Robert. Thank you so much for taking the time to write to share your views. Public input is essential as we formulate a position for the Village. I am copying Assistant Village Manager Richards who is compiling all of the written comments regarding this matter so that the full board is made aware. I really appreciate your engaging in this important conversation. Jane

Mayor-

We have been residents of Scarsdale for 31 years.

We strongly urge that there NOT be marijuana dispensaries in Scarsdale.

We know that the inclusion of such venues will negatively alter the community in both predictable and unforeseen ways.

We have seen first hand how the inclusion of these venues have altered a Massachusetts community.
