Dear Ms Purdon -- At this point, the proposed budget for 2016-2017 does not include a line item in the amount of \$44,500 for a pilot program for food composting. The Sustainability Committee of the Board is continuing to consider this matter and among other things, may meet with School representatives to explore the possibility of a pilot program that might be implemented at a lower cost to the Village.

Very truly yours, Jon Mark

Hello,

I was wondering if there are any updates on this program?

Thank you,

Catherine
