**Subject:** Proposed recycling recommendations

Dear Mayor Hochvert -

I am writing to tell you about my wholehearted support for all of the proposed recycling recommendations:

1. **Food Scraps:** Weekly food scrap home pickup
2. **Weekly Recycling:** Shifting from bi-weekly to weekly recycling for both commingled (e.g. bottles and cans) and paper (with the change of having to bring commingled to the curb which was the only budget-neutral way to go from bi-weekly to weekly pickup) and
3. **Furniture Donation:** Installing a Furniture Sharehouse donation bin at the Recycling Center.

They are all services that would benefit Scarsdale and its residents. It's wonderful knowing that I live in a town that's a leader in composting and recycling and used as a model for other Westchester towns.

Thanks for your support,  
Chyi Landless
