Subject: Support weekly recycling pickup and food scraps

Dear Mr. Hochvert,

We strongly support weekly recyclables pickup. As a busy household we gather many bins full over a two week period and countless cardboard boxes. Occasionally when we miss the pickup day because of travel or some other commitment, it is tremendous how much we gather over a month. After being away over the Xmas break, when the recycling day finally came, our front drive looked like the local dump.

We already bring our recyclables and garbage to the curb since we do not expect the Sanitation Dept to have to navigate past the cars in our driveway.

We also compost and would greatly appreciate foodscrap pickup. If the food scrap bin tips over in the car on the way to the sanitation center, the car smells for weeks.

We sincerely hope the proposal passes.

Kind regards,

Claudia Green
