Subject: Library expansion

I am all for the added features for the library but I am not sure that we need the expansion more than we need the indoor Community center with the indoor pool. The town wasn't willing to put up the money for that so I am not sure it will be willing to do it for a library expansion. I love the library and used it A LOT when my kids were young, but not so much anymore. I am hopeful we have enough support and funds coming in because I don't want my taxes to increase to have an expanded library that I don't use as much anymore.
