**Subject:** Water rates

>  
> Mr. Mayor, Trustees  
> It now appears that locally those of us who strive to not waste water  
> will now help subsidize those among us who prefer to let their water  
> run down the drain. I refer, of course, to the usage rates which are  
> higher for us who are mindful and economize on our water.  
> How about considering what is fairest for all of Scarsdale's residents as you decide a course of action?
