Eileen

The Village Code doesn't require every tree removed to be replaced The details are available online. However, for many of those taken down where there is no appropriate space there is a requirement to contribute to the tree fund.

Thanks for you note.

Dan

Dear Mayor Hochvert,

I am writing to you in support of the revised Tree Code. I am curious, is there a way to govern that each tree taken down is in fact replaced? Who ensures that they are replaced?

Eileen Flagg
