Subject: Sanitation Proposal--Preserve driveway pickup of recycling.

I understand there is a recommendation to the Scarsdale Board to add weekly curbside pick up of food scraps and also increase commingled recycling pickup to be weekly. I support food scrap initiative, but I understand that to implement these changes would require termination of the program whereby commingled recycling is picked up at the back of the driveway. I think this is a mistake. Driveway pickup is a convenience that is a significant amenity in Scarsdale. Please do not take it away.
