Dear Ms. Mallow --This acknowledges receipt of your email. We will discuss the matter further with the Chief Matturo and Village Staff.

Very truly yours, Jon Mark

Subject: Security in Fox Meadow

To Mayor Mark, Police Chief Matturro, Village Manager Pappalardo, and Deputy Village Manager Cole:

As you must know, there were several MORE burglaries in Fox Meadow over the holiday week. The police keep asking me for the footage from my home security cameras, and I know they have asked other homeowners as well. Happy to help, but it is unlikely that the footage of my yard is going to help solve a burglary of a house 3 blocks away. The police clearly need security cameras set up in strategic areas that they can monitor. How can we make this happen? Please don't say "the community doesn't want it." Maybe that was expressed many years ago, but no one has asked me about this issue in the 5.5 years I have lived here, and times have clearly changed. If the village leadership doesn't have the authority to install cameras, then let residents vote on it.
