Subject: Pilot Composting Program for Residents

Dear Mayor,

I am writing to voice my enthusiastic support for the pilot composting program for residents. I have wanted to compost ever since we moved to Scarsdale 3 years ago, but between juggling family, jobs, and 3 kids, it's not something that I'm able to do right now in our backyard on our own. I would love to have some support. Just my family alone consumes so much food, and such a large amount of compostable food waste gets mixed in with garbage, which could be returned to the earth in ways that are so much better for the earth. Please keep me posted on the initiative.

Yours truly,
Jennifer Hu Corriggio
