RE: Food Scrap Recycling in Scarsdale

Dear Mr. Mark,

I am writing in support of the sustainability committee's compost initiative to do a pilot program for 100 residents in Scarsdale. The success of the program in the elementary schools has been amazing. Not only has it been an environmental win, but also a great educational learning opportunity for our young children. The next logical step is to bring it into our homes. I urge you and the Village Board to take great consideration of this program and it's benefits for our community.

Thank you.

Sincerely,  
Joanne Teoh
