Subject: Dog Park for Scarsdale

Mayor,

I would be 10000% supportive of a dog park. We have three dogs and have an electronic fence which obviously prohibits them from running around.

It would be a delight to drive to a secluded place close by and have the dogs be joyfully playing with each other. There are so many dog parks which work so well in other town, cities and villages and this would be an amazing place fo us to have one as well.

PLEASE.

Warmly,

Jocelyn Greenky (Herz)
