**To:** Mayor; Clerk's Department  
**Subject:** dog park

Hi - I am writing to express my strong support for a dog park in Scarsdale. While I don't particularly care where one would be, I think there are probably a lot of good options. I do think the Weinberg Nature Center idea seems like a good one - there is already plenty of parking there and lots of land that to my knowledge isn't really used often and isn't near anyone's houses or driveways. George Field is certainly a nice idea too but not sure where folks would park - I guess just on the street. Anyway - where ever it is it will really benefit our community - neighbors and doggies!!

Respectfully,  
Julie Stonberg (96 Brookby Rd)
