Good evening,

Out of curiosity, why did you not recommend that something like this be written to the hundreds of the families hurt by the Ryan reveal? You chose Ryan, and you have had years to apologize for all the damage that you caused.

The doctor who came to spew his ethnocentric remarks and medical quackery on Tuesday, like Ryan and the finalist Freightway Developers chosen by Arest, Veron, and you, was not vetted. Had you even googled the doctor, you would have seen that he has given this type of talk before. Additionally, we have so many medical experts in Scarsdale, why go outside? Taxpayers deserve that you exercise your fiduciary duty.

I find it incredible that you called me divisive on Tuesday. You chose Ryan while you were a trustee, and now as a mayor you chose unvetted Freightway developers and this quack. Who is the divisive one?

Regards,  
Mayra
