Subject: Food scraping program

Hello and happy new year,

I would like to say how wonderful the food scraping program has been for our household. It's a been a great thing, less garbage, and no more stinky garbage. I also feel so good that I'm doing something to help the environment.

It would be really great if we could get food scrap pickup service from our homes. It would be such a help and highly appropriated.

Thank you so much.

Sincerely,
Laura Kalmanoff.
