Subject: Leaf Education Task Force: 2015 Review and 2016 Proposals

Dear Mayor Mark and Board of Trustees

On behalf of the Leaf Education Task Force, enclosed is an update on the 2015 leaf education campaign. The task force delivered a number of fantastic events for our community throughout 2015. Education ranged from live demos and panels to providing information and outreach about various aspects of mulch mowing. The task force also worked with the DPW on tracking metrics for the current year as well as going forward. We are also providing a proposal for moving forward in 2016 that would leverage the existing work created over the past two years.

Should the board have any questions about the enclosed report or any aspects of the 2015 education campaign please let us know. We look forward to your comments and preparing for another education season.

Ron Schulhof, on behalf of the Leaf Education Task Force
