Lena-- Steve Johnson, the head of the Water Department, will attend tonight's BOT meeting and speak on this subject. Please note that we have spoken on this topic and the notices that have accompanied recent water bills in the past. See the Village Manager's comments in the attached minutes of the BOT meeting of November 10, 2015 at page number 443 (pdf page 8) starting about a third of the way down the page. Please pass this on as you see fit.

Thanks.

Very truly yours, Jon Mark

Got it. Thanks. FYI, I was asked about this at the monthly SNAP meeting last night and summarized the situation we are in based on past discussions of this subject with the Staff.

Steve and Steve -- Let's plan to address this evening. Also cc'ing Rob Cole.

JM

There wasn't any attachment. Please see the note from FaceBook highlighted in red below. Sorry I didn't copy the resident's name. Lena

Dear Mayor,

Here is another posting from the Scarsdale Moms FaceBook page:

**Is anyone concerned about our drinking water? If you read the enclosed letter in our town water bill, it is very scary. We not only have failed to meet treatment requirements for over a year but we are being fined by the state- to which we the taxpayers must make good on. What's going on? Is there a group already discussing this with the mayor? Do we need to attend a village meeting and voice our concerns? Thoughts?**
