Subject: From Susan Levine.....Changing Laws Regarding Owning Roosters and Peafowl

CAUTION: External sender.

Hello Mayor and Trustees,

I regret missing the public meeting about
Changing the Scarsdale Laws regarding Residents owning
and housing various kinds of Birds ...like Roosters..and Peafowl.

I do think we need a Change in Ordinances so as Not to Allow
Residents to own and House Birds on their property that might annoy their
neighbors
with their Crowing and other Noises as well as their Excrement..

We have seen Pet Chickens in our neighborhood...a new phenomenon..
and something unanticipated.
There are many changes that have occurred in recent years and we
need to keep up with and regulate them..in terms of quality of life issues.

Thanks for listening.

Susan Levine
Ardmore Road

PS..I love the Sign at Fenimore and Post Road about
Not Using Gas Blowers. Now we need Regular Enforcement.
