Subject: Residents serving on Village Boards

Personnel Committee,

In view my recent observations attending various Village Board meetings, I recommend applicants to serve on Village Boards meet a residency minimum requirement of 5 years.

It takes quite a while to understand how our Village works.

I understand applicants' desire to serve, but their haste is proving detrimental and not beneficial when not accompanied by experience, observation and just life in this beautiful Village.

We all should do our best to preserve Scarsdale in the best manner possible and avoid the slightest negative impact.

Thank you,

Lika
