Subject: Village Board

The CHP has a meeting scheduled for tomorrow evening to consider more demolitions.

Why can't you issue a "cease and desist" ? Why cant you stop this ? If not you, who ?

Why can't you meet in executive session ? Today ? Before noon ?

Why can't you impose a moratorium on all development ?

Why can't you stop all boards from meeting effective immediately ? They have not been serving for ages.

You have a full time attorney to help you. You have a Lamborghini at your disposal, you can't get off your bike.

Why is it that an immigrant paralegal with all of two years experience (from more than 30 years ago) has to write this ?

Please do not send me another e-mail acknowledging this.

Issue a moratorium, call a press conference then I will know you have received this email.
