Subject: Library

I wanted to email you and state my support for the public library redo. I am a teacher at Scarsdale High School and my students in Architecture class just made presentations to the library board and the architect proposing possible interior designs for the young adult and children's room. My students made passionate, creative proposals and demonstrated their high level of interest and use of the library. It repeatedly came up that they use the space, because the school library closes at 4 PM most nights and because they want to go somewhere other than their houses to work together. Although I do not live in Scarsdale, my stepdaughter attends SHS and she also uses the library as a convenient place to work and study both alone and with friends. For what it's worth, I believe that it is a project that should move forward.

Thanks for your time

Sincerely
Lisa Yokana
