Subject: Library Renovation

Dear Mayor(Trustees):

I have been meaning to write you about the Library Renovation.

Yesterday I received a pamphlet in the mail explaining the proposed project.

I am ***against*** this project as presented. We do not need a \$20M renovation project for the library. This is a grandiose vision that to be honest is not necessary or realistic.

My family has used the library for many years since I was a kid and it is a great resource. We could say all the public building that have not been renovated in Scarsdale are outdated and dire need of renovations.

I would support reasonable upgrades but not a \$20M with increased space, temp relocation, business center, café, teen room etc. This is really an extravagant community center not a library.

There are other capital expenses with a higher priority that need to be addressed in Scarsdale (Village/School) that taxpayers will be asked to fund including new elementary school (\$50M+).

“Keep The Park In Scarsdale”

Thanks,

Lou Mancini
