**Subject:** in support of tree code amendment

Dear Mayor Hochvert,

I am writing to support the proposed amendments to the tree code.

From the time of her arrival in Scarsdale as a young wife and mother in January 1949 until the end of her life nine months ago, my mother, Jane Bedichek, expressed deep appreciation for the trees in Scarsdale. In her last years, in our walks in our neighborhood, she would gaze up at the trees with admiration. We have been concerned that the tree canopy in Scarsdale be maintained. I am reassured by the proposed amendment to the tree code, knowing that others here feel as we do.
