Dear Mayor, Trustees, Manager Cole, and Superintendent Coleman:

It was difficult to know what to expect at the Board's October 18, 2022 work session, or imagine how designating a few roads could possibly work to calm traffic throughout the village. Your announcement of plans for a village-wide Area Speed Limit is welcome news, especially if implemented expeditiously. This impressive achievement is a public policy and safety milestone worthy of full public support. As has been mentioned previously at public meetings, other traffic calming and Complete Streets type measures are sure to be considered also. As for enforcement, if only the village could install ticketing cameras to achieve a variation of the motorist behavior modification "halo" effect, not to mention revenue.

With sincere thanks for your support of the science, data, and above all the safety of residents like me and my family,

Madelaine, 914.262.6656
