Subject: Forum Report

Dear Mayor, Trustees, Steve, Rob and other Village Hall recipients,
Attached is a digital copy of the Forum's joint committee report on the Library Project, which was delivered to Village Hall on Friday in an advance hard copy. Two errata items (aside from minor typographical errors) were picked up in the interim; they do not change the report substantively but are provided here as a courtesy. The corrected report (attached) has been released to the public and is available on the Forum's website as of this morning.

Sincerely,

Madelaine Eppenstein, Chair
Forum Municipal Services Committee
914-262-6656

Errata

- Page 7, fn. 17: Add to Progress Meeting Minute section # 4.3; correct date June 25, 2015 (not June 4, 2015)
- Page 10, fn. 25: Add citation to Dattner SD Report at page 145, Progress Meeting Minutes 4.1 (June 25, 2015): ("In advance of the SD cost estimate, DA is concerned that the SPL's approved program is over the preliminary budget set at the Master Plan stage. We Anticipate the maximum scheme could be at least 50% more than budget. The cost estimate will be priced as a "kit of parts", with a larger scheme Option A and a smaller scheme Option B so that it can be scaled back to reduce cost and program, if necessary.")
