Subject: Prepayment of Property Taxes

Gentlemen,

The prepayment issue has been confusing for many Scarsdalian's this week notwithstanding advice received from tax advisors. I trust you've seen the following IRS advisory, <https://www.irs.gov/newsroom/irs-advisory-prepaid-real-property-taxes-may-be-deductible-in-2017-if-assessed-and-paid-in-2017>, and the BOE communication received in many inboxes this afternoon.

Thank you for your efforts to manage the assessment issue – if that's at all feasible,

Madelaine Eppenstein
