Dan, Ms. McClure:

"The Governor authorized local governments to immediately issue warrants to levy property taxes by the end of the year. Officials should issue warrants for the collection of taxes and deliver them to the local tax collector immediately, and no later than 11:59 p.m. on Thursday, December 28, 2017."

The Treasurer can accept and deposit the checks into a Village Clearing Account and note each payment on an Excel spreadsheet. Yes, there will need to be a reconciliation between paid (estimated) tax and actual tax due but that should not be difficult. Think how this will improve the Village cashflow!

We are running up against a very tight deadline. The Village needs to step up and put a procedure in place and notify its residents.
