Subject: Scarsdale pool

CAUTION: External sender.

My husband and I have been members of the pool for many years. Our son has many happy memories of his many happy summers there.

We hope that we can agree to update the pool, keep its essence without making it into a water park! The 4 pools are just perfect. Repair them. Update the showers and rest rooms. Improve the food area, keep the beautiful shady areas overlooking the lovely golf course.

So many young families have a wonderful time there, it would be a shame to take that away.

It is a terrific place for our seniors to meet and greet.

Please, don't ruin this beautiful gem in our precious village.

Respectfully,

Marjorie Engel Chahinian Sent from my iPad
