Subject: tax problems

Gentlemen,

We are senior citizens who moved to Scarsdale in 1966, when our taxes were \$100 a month. My husband is a retired Korean war veteran. We are currently paying \$5,000 a month in our taxes and we STRONGLY protest the constant increases in taxes which are resulting in hardship for many citizens besides ourselves. Another increase in taxes will be nearly impossible to handle, and we hope you will be sensitive to today's economic burdens and reject the increase.
