Dear Mr. D'Angelo -- We will discuss this matter further with the Board and Village staff. Whatever plan emerges will have to fit in with the other budgetary needs of the Village as a whole. We will be back to you once this has been thought through.

Very truly yours, Jon Mark

Dear Mayor,

Thank you for your response. Seeing that we agree on the poor condition of the road, the question remains, when will it actually be repaved?

Thank you.

On top of all of this, part of the only recently paved area (Fenimore to Highland) was ripped up just yesterday.

> It was actually a very interesting and eye-opening experience to discuss this matter with neighbors along Fox Meadow Road. There is a unanimous feeling that the road condition is an embarrassment to the Village and everyone is very frustrated. Several neighbors called the condition of the road 'third-world' and many said they had contacted the Village in the past, but were unable to get anything done (other than very minor repairs and patchwork). Many others complained about motorists speeding down the road and equally poor condition of the sidewalks on Fox Meadow, especially closer to the Village center. Every resident thanked my sons and I for taking to the initiative to pull together the community to rally behind this.

> It is clear residents are frustrated. It was 'easy' to get 60 signatures. Of course it took time to walk door to door, but I am 100% confident that if I took another 5-6 hours next weekend, we could get an additional 60 signatures.
