Subject: Proposed Changes to Scarsdale Sanitation Pickup

I recently became aware of the proposal before the Board of Trustees to move to weekly, curbside pickup for commingled recyclables.

While I am in favor of increasing the frequency of recyclable pickups, I am not in favor of curbside pickup.

My wife and I purchased our home at 22 Greendale Road just this past week and are excited to move to Greenacres in February. We currently live in White Plains and have weekly curbside pickup. While we very much like the frequency of the pickups, we have had a number of experience where cans have been knocked over, either by wind or animals, creating a huge mess. Subject to better understanding the costs involved, we would be supportive of weekly recyclable pickups at the house, and are hopeful the Board of Trustees will analyze this option instead of the one currently on the table.

Best,
Mike
