Gentlemen,

I just wanted to say “thank you” to you and your teams for your efforts over the last three weeks to reconcile new federal tax policy on local property taxes with the needs and priorities of Village residents. It was a confusing and volatile period for all of us, including Village leaders and your staff. It was not made easier by the urgency of the deadline/time line.

Your teams communicated well; tried to craft viable solutions on a moving landscape; were courteous and helpful when I visited Village Hall.

I’m sure that last thing you wanted to do the final week of the year was sit in emergency meetings with lawyers and accountants!

Thank you for the effort and attempt to solve the problem against a shifting background. Please feel free to share this with the BOT.

Best,

Nathan
