**Subject:** Support for resident based composting pilot program

Good morning -

I am writing to you in support of bringing the very successful food scrap recycling program into our resident's homes.

All 3 of my children attend Greenacres Elementary school. My 5th grader has served as a recycling ranger for the school since the program's inception and as a result has developed a strong interest and commitment to the environment. We would love the opportunity to bring this program into our home and continue to educate our kids about the importance of doing our part. I hope you will consider running this pilot program and help put Scarsdale on the forefront of sustainability.

Thank you in advance,  
Ophira Cukierman  
59 Greenacres Avenue
