Subject: Food Scraps

Dear Mayor,

I am writing you in support of adding weekly curbside pick up of food scraps. I have been recycling food scraps for a few months now and our home is producing less trash than before. I am sure that if Scarsdale offered curbside pick up, more people would join the program. I am very proud of living in the first town in Westchester offering food scarp recycling.

Thank you for your support,

Paula Otero-Zraick
