Subject: Ryan Reval

Dear Mayor and Board of Trustees,

The protest against the Ryan reval has been going on eight months. In the 23 years that I have lived in Scarsdale, I have never seen anything like this. With the emails presented in Article 78, we now know even more about the improprieties that went on at the very unsupervised Assessor's office. Do not waste our taxes fighting against us, your own friends and neighbors. You run the risk that you will spend more defending yourself against the indefensible than what you spent on the Ryan reval. Please restore peace and good governance to our village.

Regards,
Randi Margolin
