Dear Mayor Mark,

I wish to express my enthusiastic support for the Food Scrap Recycling Program. I am a member of the sustainability committee and have had the opportunity to look over the materials supplied by Michelle Sterling. Furthermore, I have seen successful participation of community members in similar project while visiting my brother in Palo Alto, Ca last year and was hoping we could do the same.

The project is exciting and doable. The costs of the program, I believe is reasonable considering the long-term benefits to the community. Plus, it is an incentive to encourage the Scarsdale residents and hopefully our neighbor communities to embrace sustainable practices to conserve our environment.

We hope that you and the Board of Trustees will support this important initiative and approve a pilot program for the pickup and recycling of food scraps from residential households.

Sincerely,

Renu Lalwani MD
