Subject: Giving taxpaying Residents A Chance to Make a Comment at the Budget Meetings

CAUTION: External sender.

To : Mayor , Trustees and Village Manager

I listened to the budget meetings this AM and there was NO opportunity for residents to make a comment .

My comment would have been to have residents pay a 5 % pool permit increase by May 1 and a 15% increase after that date.

This measure would have pushed residents to subscribe early that would have helped the Rec Dept for summer planning purposes .

This early payment plan should apply to non residents too.
