Subject: Fwd: Your Comments at the Monday Board Meeting Re Butler Field Lease

To All :

The email below was sent and hand delivered to Mr. Matthey's office with no response.

1. What are the school district plans regarding the current lease on Butler Field with the Village of Scarsdale ?
2. What is the School District position on the previously agreed upon a joint project of a Comfort Station at the Middle School Field and Tennis Courts with storage for Middle School Field school equipment and an office for school and tennis attendant use ?
3. If the School District is unwilling to participate in this project, what is the process to sell a small piece of land at the site to the Village to build the facility ?

We look forward to the response of the School District .

Bob Harrison, Director

New York Junior Tennis and Learning - Scarsdale Chapter that gave a \$ 25,000 gift to the Village of Scarsdale to rebuild the Middle School Tennis Courts in 1983-1984

Volunteer Director - Scarsdale Summer Youth Tennis League for 33 years. Program held at the Middle School Tennis Courts

Subject: Your Comments at the Monday Board Meeting

Stuart,

On the TV of the Monday Board meeting you made a comment regarding the lease with the Village on Butler Field .

As you may know , I was actively involved in the exchange of leases between the Village and the School District regarding the Middle School Tennis Courts and Butler Field .

I have called your office twice yesterday to speak with you and have not heard back.

I would like hear your comments on the lease and I want to fully understand the School District position on a Comfort Station at the Middle School Field and Tennis Courts.

I am available at my phone # 914 725-0962.

Bob Harrison
