Subject: Vote Against the Elimination of Grass Clipping Collection

We urge the Mayor and Trustees to vote against the elimination of grass clipping collection in Scarsdale. As Lynn and Merrill Clark stated at the last meeting the care of a private homeowner's lawn should be up their discretion. Those who want homeowners to keep their grass clippings should use education to inform homeowners.

At the last meeting supporters of elimination stated that Harrison was the only town of 43 in Westchester that does not pick up grass clippings. What was NOT told to you is that Harrison DOES NOT have a dump location to deposit grass clippings. We confirmed with the Town of Harrison today that the Harrison dump was closed years ago !!!

Scarsdale residents have great anger over the flawed reval and 3.70 % Village tax increase. This is not the time to reduce Village services and add cost to residents to have their grass clippings removed .
