Subject: Request For The Same Tour Of The Outdoor Pool Site Given To The RFP Consultants

CAUTION: External sender.

To Mayor, Village Manager Cole, Village Board of Trustees and Brian Gray - Rec Supt.

After making a verbal request to all of you at a public Village Board meeting, this email is a formal written request to the Rec Dept to offer the same tour of the outdoor pool site that was given to the 7 to 9 consultants in July. At that time a request to join the tour as an observer was denied.

In order to inform our organizations and interested residents regarding this major study and costing \$ 114,000 of taxpayer money, it is incumbent on the Village to provide full disclosure to our taxpaying residents with the same information provided to the consultants. We urge an immediate similar tour for members of our civic organizations including the Scarsdale Forum Recreation Committee of which I am past Chairman and a member for 35 years, the League of Women Voters, the Scarsdale Taxpayer Alert and sports organizations and interested pool members and residents.

We look forward to a response to this email promptly as the weather is changing. Thank you for your consideration in the important matter for our community..

Bob Harrison, Chairman

Scarsdale Taxpayer Alert
