

Hi Mayor, Board, and Village

A reporter from the Journal News/Lohud came to visit the Food Scrap Recycling drop-off site this week and he wrote a great article for the paper! It's the feature story on their Westchester section of the Lohud website and it will also be running in their print paper (Journal News) in the coming days. It's a great feature of our program and community.

The Scarsdale Inquirer also came to visit and should be running their story this Friday.

P.S. this week's pickup total was 1,600 lbs of food scraps!

Best
